

Title

Certificate of Commitment

Description

The *Certificate of Commitment* is both a document and an instrument we can all use to offer our personal contribution to achieving goal number two (Zero Hunger) of the 17 Sustainable Development Goals (SDGs)¹ adopted by the UN General Assembly. The goals are to be achieved within 2030.

The Certificate was devised by [Teens for Unity](#) as a consequence of its collaboration with FAO² in collaboration with [Living Peace International](#).

Hunger is a complex problem connected to several factors, including climate change, consumerism, injustice, conflicts, and many others. To change the trend and defeat hunger we have to be the first to act, changing our lifestyle and daily habits.

This includes living peacefully and in harmony with both other people and nature in order to build a united world and a friendlier environment.

Target group

Children, youth and adults from any school, group, or association.

Goals

- Raise awareness about hunger and promote a sober and simple lifestyle in our society
- Promote concrete actions aimed at defeating hunger, using the *Certificate of Commitment*
