

## Title

The Charta of Peace

## Description

[\*The Charta of peace\*](#) is a document we want to submit to political leaders, institutions, and citizens; it is an instrument to express our commitment to creating an action plan to resolve conflicts, mainly in the Middle East.

Born in September 2017 during the **Youth World Peace Forum** in Jordan, it stems from the collaboration between [\*Living Peace International\*](#) and two other associations—[\*Non dalla Guerra\*](#) and [\*Caritas Jordan\*](#). In the course of the Forum, a group of 100 youth from 25 Countries lived a deep and meaningful experience working together with the local community and refugee families and children from Syria and Iraq.

## Targuet group

## Goals

- Exhort governments to resolve world conflicts, especially in the Middle East, and to find immediate solutions to the tragic conditions of thousands of refugees.
- Exhort institutions, organisations, and associations to promote peace education.
- Raise awareness among citizens—mainly young people—of the dramatic situation of the Middle East and its many ramifications throughout the world; encourage them to be sensible promoters of peace.
