Goal: help to bring about a kinder world through the values that bind everyone into a great network of worldwide peace.

To achieve this goal, it is essential to have a representation of youth from all the continents.

We are aware of the economic difficulties you might encounter to make this trip, especially for young people and their chaperons coming from the most distant continents. Thus, it is important for those of you who are interested in participating to do everything possible to find funds: on a personal level perhaps giving up making unnecessary purchases to save money for the trip, but also searching for funding through local associations and organizations and finding other creative ways to raise money.

Presently we do not have funds to cover participant's expenses, but we are committed to contacting the embassies of the countries that will be present to request a contribution.

Pre-Registration required: in order to attend the event, you need to **send a pre-registration form** for each of the young people and their chaperons by **August 30th** (fill the pre-registration form to page 3) to congresomadrid2019@gmail.com

We will then send an official invitation to all who have designated their interest by returning the pre-registration form.

For participants from countries that require visas for Spain, the official invitation must be presented to the Spanish embassy as quickly as possible together with the passport and any required documentation, so as to obtain the necessary visa.
